Continued from First Page.

phone wires connecting the main office with the Fifth avenue and Ninth avenue stables had been tampered with so that they would

had been tampered with so that they would not work.

The Executive Committee of District Assembly of No. 75 held a secret session at his headquarters in Flatbush avenue this morning, but refused to give out the result of its proceedings. It was given out, however, that orders had been issued that violence should not be resorted to by the strikers in any case, and that the latter would not be protected in any lawless acts.

If such an injunction has been issued, the strikers generally disregard it, for they have stationed their pickets at every one of the Company's stables, where big crowds were gathered all the forencon. It was also said that the strikers had their eye on several reporters who were suspected of favoring the enemy.

porters who were suspected of favoring the enemy.

One of the picket men, when questioned by a reporter in regard to the slugging which took place early this morning near the main offices merely laughed and said:

'Oh, that was only the boys having their little fun. There haven't been many scabs around this morning, and we don't propose to encourage them to come here."

to encourage them to come here."

Every time there was a scrimmage the whole crowd would rush to the spot and block up the streets and sidewalks. There was no attempt on the part of the four policemen present either to keep the streets clear or to make any arrests. They stood in a group near the Company's office and hardly moved from the spot during the morning.

Arbitration Commissioner Florence F. Donovan came over to Brooklyn about 10 o'clock, and went to the St. George's Hotel, in Clark street, where he was to hold a secret conference with Commissioners Robertson and Purcell, of the State Board of Arbitration.

The situation would be thoroughly dis-cussed, he said, and a final effort made to bring about a settlement of the strike. If this fails an official investigation of the trouble will be ordered.

The Railroad Company, it is thought, will still refuse to consent to any arbitration or send any representative to the conference. They claim that they are making no reduc-tion in wages or violating any of the terms of the contract which they had with their men. They only ask to be protected from violence. There is some talk of the Executive Com-

There is some talk of the Executive Committee of District Assembly 75 ordering a ticup on all the Brooklyn lines, but they disclaim any such intention at present.

During the night the cover plates on the automatic switch at the corner of Atlantic and Fifth avenues were carried away, but whether by strikers or not is not known.

Just before noon Capt. Kenney, of the Tenth Precinct, with a platoon of forty policemen came up and cleared the sidewalks in the vicinity of the Company's offices at Third and Atlantic avenues.

and Atlantic avenues. Secretary Richardson, son of the Deacon, says no reply will be made to the Arbitration Commissioners' proposal for a settlement. The Company will not attempt to run any cars to day or to morrow unless the authori-ties provide suitable protection. The following was sent by messenger to Deacon Richardson at his house to-day:

EXECUTIVE BOARD, EMPIRE PROTECTIVE ASSOCIATION, DISTRICT ASSEMBLY NO. 75. To William Richardson, President Allantic Assemble Record Countries. DEAR SIR: The Executive Board of District

DEAU SIR: The Executive Board of District Assembly 75. representing the employees of the Atlantic Avenue Railrond Company, desire to state to you, what you no doubt already know, that it stands ready now, as it always has, to meet you or any other representative of the Company with a view to bring about an adjustment of the difficulty. Should you desire to confer, the Board will meet you at such time and place as you may designate. Its present address is 142 Flatbush avenue.

Patrick Rellinas.

Patrick Rellinas.

The Board also sent a telegram to Gov. Hill urging him to stir up the Railroad Com-

Hill urging him to stir up the Railroad Com-missioners to compel the Atlantic Avenue Company to fulfil its obligations to the pub-lic, because it has made no attempt to run a car for seventy-two hours. Secretary Roach, of the Brooklyn Central Labor Union, in pursuance of a resolution of that body passed yesterday, has written the Attorney-General of the State, calling on him to revoke the charter of the Atlantic Avenue Railroad Company.

Railroad Company.

An intending applicant for work was spotted by some of the mob coming down Atlantic avenue towards the company's office and was hustled around into Fourth avenue, where one man caught him by the neck and pounded him severely, while others looked on. The victim ran into the hallway of a private house and escaped a further beating.

Saystured in Atlantic ave-

further beating.

Another man was captured in Atlantic avenue on his way to apply for work, and was surrounded by a large crowd, who hustled him away with a warning not to show himself again the neighborhood.

Obstructions in the shape of piles of ashes and big boulders have been placed on the tracks in Fifth and Seventh avenues, near the development of the development of the development of the Board of Aldermen to-morrow.

Rumer About Deputy Appraiser Burtsell.

No removals were reported at the Appraiser's stores to-day. Mr. Stearns being absent in Bostone.

It was rumored, however, that Deputy Assistant Appraiser Burtsell had been asked to resign.

e depots and in Bergen street, near Franklin avenue.

Louis Thibault was badly injured by strikers this afternoon at Fourth and Atlantic

He was knocked down and kicked in the head. He was carried to the Long Island Hospital in an ambulance.

The strikers supposed Thibault was applying for work, but he was not.

News of Minor Strikes.

There is no material change in the strike at the Higgins Carpet Works. The striking silk-weavers refuse to com-promise with Dunkle & Co. and the Metropoli-tan Silk Company.

The Cuban cigar-makers are confident that their victory will come before the end of the present week. They say the employers front is already broken.

VIOLENT METHODS. WAS HE MURDERED?

Continued from First Page.

possesses, that the men deliberately threw Adams from the window.

He told The Evening World reporter that it was a serious matter and that his evidence would be given at the proper time.

DID THEY PROP THE BODY UP? He has a witness, he says, who saw three men take the body of Adams and move it eastward about one hundred and fifty feet, and then leave it propped up in a sitting position against the fence.

Who this witness was or how much more he knew he refused to state.

Upon hearing the statement of the detective, Coroner Rooney committed the men without ball to the Raymond Street Jail.

"What do you think of the case Cor-

What do you think of the case Cor-oner?" asked The Evening World man.
"Well, to tell the truth, I den't think there is much in it. Do you?"
"When will the inquest be held?"

THE INQUEST TO-MORROW. "I shall hold it to-morrow night. If these men are innocent, I shan't hold them a sec-ond longer than I am compelled to. If they are guilty, why "—and he ended with an exregulity, why —and he ended with an expressive shrug.

The men do not look like murderers. They are all small, undersized, weak-looking fel-

lows, whom one strong man could scatter DIFFERING STATEMENTS. According to Detective Powers each has

made a statement and every one tells a different story. But, strange to chronicle no one will say whether he was thrown out or whether he awoke to find himself in the hands of the men and becoming frightened jumped out.

Numberless friends of the prisoners called at the Coroner's office while they were there and tendered their encouragement and sym-

pathy. FEW BRUISES FOUND. The fact that no bruises were found on Ad-

The fact that no bruises were found on Adams beyond those that were occasioned by the fall is offered as an indication that he was a deep while being carried to the door.

He is said to have been a hardy rugged-built man, and there would have been in all probability a fight had be awakened.

Surgeon Cardwell, of the Seney Hospital, where Adams was taken, found a cult about two and a half inches long on the forehead and a contused wound over the left eye.

Coroner Rooney will hold the autopsy on Adams's body to-day.

The remains will then be removed to Litchfield for burial in the family plot.

Adams is spoken of as a brave yet loving and kind man.

Mrs. Wheelock, his sister, feels very bad over the occurrence and believes that he has been murdered.

been murdered. NOT A MAN TO BUN AWAY.

THAT EAST RIVER TUNNEL.

The Committee Listens to More Argument

and Will Report To-Morrow. The Committee on Docks of the Board of Aldermen granted a second hearing on the matter of the proposed tunnel under the East River and Forty-second street to-day. Gen. Ray Stone, the President of the New York and Long Island Railroads which is

asking for the franchise to build the tunnel. had prepared an address in favor of the project which he read.
Ex Judge Ernest Hall, of the Twenty-third
Ward, who owns a great deal of property in
the annexed district, also spoke in favor of

the project.
Col. B. F. Watson made a long argument In opposition.

His idea is that Gowanus Bay is the objective point of the tunnel company instead of Montauk Point. Some great preparation for a railroad around Brooklyn to Gowanus Bay

a railroad around Brooklyn to Gowanus Bay is being made by somebody.

All of the traffic from the West and Southwest is to be taken under the city to Gowanus Bay, and Long Island is to have the business which was formerly New York's.

Chairman Walker said that the Committee is satisfied of the practicability of the tunnel which had been assailed. All that is required

No removals were reported at the Appraiser's

stores to-day, Mr. Stearns being absent in Boston.
It was rumored, however, that Deputy Assistant Appraiser Burtsell had been asked to resign.
Mr. Burtsell was on duty and denied the rumor.

Nearo Burglars Sentenced.

George F. Taylor and Frank Tilghman, the two colored burglars who bleaded guilty to two indictments for burglary before Recorder Smyth on Friday, were this morning sentenced to Sing Sing, Taylor for lwenty years and Tilghman for fifteen years.

Does She Know Her Assailant? [SPECIAL TO THE EVENING WORLD.] TRENTON, N. J., Jan. 28,-Annie Eisenhardt, who was so brutally assaulted in the Cooper Hospital on Saturday, is somewhat better, although not yet out of dauger. It is believed by the police that she knows who her assailant is, but will not reveal it.

ILLUSTRATING HOW DIPLOMATIC MANA- MEN WHO WILL PROBABLY MAKE UP GERS MAY BE SURPRISED.

A Noble Son" Taking a Rest in the City-What May Come If Mr. Rice Gets the Standard-About Mrs. Langtry's Saturday Rosalind-A Real Corn Husking to Take Place at Proctor's New Theatre.

The terms which theatrical managers make with organizations that are anxious to play at their houses are very often extremely interesting. Johnny Wild's arrangement with the Star Theatre last week confirms this statetain about Mr. Wild. They knew he was popular, of course, but the Star is a big house and better people than the genial Johnny have failed to fill it. This arrangement was therefore made, and there is no doubt but that the management thought it a mesterstroke of in at the box-office were to go to the theatre, with 75 per cent, of the second thousand. After that Mr. Wild was to receive 75 per

"The members of "A Noble Son" com-pany reached the city from Long Branch yes-terday. Mr. Berliner has decided to let the play rest until he can get it entirely rewrit-ten. In the mean time, John A. Mackay is again seen on Broadway, chiefly in the vicin-ity of the Bijon. Theatre. Mr. Mackay has formed no plans for the balance of the season, and has made no arrangements to star

Should E. E. Rice succeed in securing the Should E. E. Rice succeed in securing the Standard Theatre for five months, beginning next October, he will present Mr. Dixey and his burlesque on "Faust" at that house. In the event of his not securing the theatre, Dixey will tour the country in the perennial "Adonis." Mr. Rice, whose "Pearl of Pekin" company moves to-night from the Bjou to the Standard, is following what is now becoming a regular managerial method. A year ago it was looked upon as fatal to transfer a company from one house to transfer a company from one house to another.

She said: "He was not the man who would be driven away from his post of duty through fear."

She said that Adams was a regular attendant of Dr. Kend g's Hanson Place Methodist Church, He was a fearless rider of horses in his youth and it was thus that he became acquainted with the care of horses.

It is said that Mrs. Langtry's appearance as Rosalind in "As You Like It." next Saturday night is due not so much to the fatigue that she must feel in playing "Macbeth" twice that day as to the taigue that Mr. Coghian feels. It is also asserted that Mrs. Langtry has heard of Mrs. Potter's intention to appear as Rosalind in the future, and is not unacquainted with the care of horses. pear as Rosa. Ind in the future, and is not un-naturally anxious to have first innings. As The Evering World related, originally and exclusively, it was Mrs. Langtry's intention to produce "Antony and Cleopatra" when Mrs. Potter stepped in. Mrs. Langtry has played Rosalind before, but not since she has won recognition as an actress.

In "A County Fair," which Neil Burgess is to produce at Proctor's new Twenty-third Street Theatre next month, the feature will be a corn husking scene, in which, of course, real corn will be husked by seventy-five people. Mr. Burgess plays his usual feminine roe. Mrs. Neil Burgess will have an ingenue part. "A County Fair" is said to be very Old Homesteadish.

Louis Harrison who is wanted for "The Pearl of Pekin" next season, is desirous of starring in his own play. "The Noblest Roman of Them All." Mr. Harrison's desire to star breaks out periodically. When the mania is at its worst, Rice steps in aud makes a tempting offer, which Mr. Harrison invariably takes.

Joseph Jefferson declined to give up his time at the Star Theatre next season. He is to follow Bronson Howard's "Shenandoah," supported by Mrs. Gilbert and Mrs. Drew.

Capt. Haynie, of Paris, who came over here to adjust matters relating to a big production of "Little Jack Sheppard," which was to be given during the holidays at Niblo's, and for which scenery and costumes valued at \$4,000 were imported, has not succeeded in arranging the affair. The scenery and costumes are now in storage. The production of the piece at the Porte St. Martin, in Paris, was successful, and the parties who had secured it for this country had made contracts with the Parisian management and with Mr. Gilmore here. Funds were wanting, however, it is said. They are occasionally known to be wanting in these enterprises.

It is said that this week will finally decide whether Modjeska is to play Ophelia to Booth's Hamlet next season, or whether she will carry out her contract with Nixon & Zimmermann, of Philadelphia, and be starred by them. Joseph Brooks, who represents Nixon & Zimmermsnn, is now in Boston. He is said to be in treaty with Booth and Barrett.

It is possible that Francis Wilson may play the last week of his engagement under the the management of the Aronsons in "Er-minie" at Niblo's, the week before he opens his season under his own management at the Broadway Theatre.

PRINCETON'S NINE.

Jem Carney Talking a Trifle Loudly About Jack McAuliffe-Bright Prospects for a Finish Fight Between Dempsey and Mc-Caffrey-Benefits for Local Pugllists General Sporting Notes.

The men at the various colleges are busily discussing the relative merits of their classmates as ball-players, and are speculating upon the chances of candidates for positions on the 'Varsity nines. The students at Princement. The Star people were not quite cer. ton are sanguine of success in the college championship games, and are beginning to boil their list of candidates down into a formidable nine. The catcher's place lies between Brownlee, '89; Brokaw, '92, and Brown, '92. The selection of the best batter among them will decide the position. King, '89, will again twirl the sphere and be capdiplomacy: The first \$1,000 taken tain. His only fault heretofore has been a little wildness of delivery ; but he makes up for this in batting, his rank being fifth in the College League last season. Dana, cent, of the receipts. Few people thought '91, whose fielding average was the highest that the week's receipts would amount to in the League last year, standing 96 put outs, more than \$3,000. The delight of Wild and the disgust of the Star people when the sum of \$7,200 was counted up can be imagined. Of this sum, of course, \$4,150 went to Wild and \$3,050 to the theatre. Wild goes to Harlem to night. His entinusiastic welcome to the Star has brought him offers from the Grand Opera-House and the People's.

In the League last year, standing 36 put outs, 2 assists and 2 errors, will again cover first. He is a good batter and base runner. Ames, '90, will play second tase and change catcher. Mowry, '91, is the most likely man for third base, and Watts, '91, and Hauson, '92, are the candidates for short. Durell, '82, will succeed himself in right field, and the other two fielding positions, will be filled by for third base, and Watts, '91, and Hauson, '92, are the candidates for short. Durell, '80, will succeed himself in right field, and the other two fielding positions will be filled by two out of the trio made up of Payne, '91, Knickerbocker, '91, and McMillan, '91.

At Harvard the men have been taking advantage of the open Winter to play ball out of doors, and at present it appears as if noth-ing could dampen their arder for the naticnal game, and, incidentally, for positions on the college nine. Harry Bales, Harvard's coming pitcher, is working earnestly to master a method in throwing to direct his

Jem Carney is ta'king too much about Jack McAuliffe and Billy Myers, who will soon battle for the American championship in the battle for the American championship in the light-weight class. Carney is the champion light-weight of England, and he has on his record a draw with ovr Jack which he made when McAuliffe was declared to be unfit, physically, to light. Carney is another Englishman to raise the cry against the treatment of English puglists in this country, and gives this as an excuse for not coming here to fight Jack. If Carney should decide to come over here, he would be given fair play and it would be dollars to doughnuts on McAuliffe.

The prospects are bright for a finish fight The prospects are bright for a finish fight between Juck Dempsey and Dominick McCaffrey. The latter has posted \$500 in Philadelphia with a challenge to meet Dempsey for from \$2,500 to \$5,000 a side, this amount to be added as a wager to a purse, if it should be offered by the California Athletic Club. In speaking to the writer about the reported offer of \$5,000 made by the California Club. Dempsey: "I would be only too pleased to accept such an offer to fight McCaffrey." Dempsey will have no trouble in securing backing, although he would have to give away considerable in weight. The opinion prevails here that it will be a great battle if the men meet.

Although the betting among the book makers is 3 to 1 that Sullivan will not meet Kilrain. July 8 next, in the prize-ring, it is about an even thing on the chances of a fistic encounter between Sullivan and Dr. John W. Gibbs. Sullivan declares that he would like to get a whack at the physician who says he will not be able, physically, to stand training. Dr. Gibbs, on the other hand, having only expressed his opinion when sought by reporters, laughs good naturedly when asked if he has begun to train yet, and says he recovered from his dose of typhoid fever long ago and is feeling great. It is expected that Sullivan will have an interview with Mayor Grant in a few days in his efforts to gain the consent of the authorities here to a benefit in Madison Square Garden.

The athletic world will look forward with interest to the indoor games to be given in Madison Square Garden March 2 by the Na-tional Association of Amateur Athletes of America.

The National Skating Association's fourth annual amateur championship does not ma-teralize, on account of the absence of ice. There are a good many entries in the events to be decided, and there is imparience in Skateville.

Among the boxers who will appear at Joe Glassey's benefit at Hudson Hall. Hoboken, Feb. 4, are Andy Drum, Eugene Hornbacker, Cal McCarthy, Tommy Kelly, Billy Dacey, Jack Delancey, Ginger McCormick, Billy Murray, Mike Cushing, Dan O'Hare, Pat Cahill and Ed Tuttle. The event of the evening will be a six-round bout between Jack Lyman and Jack Griffin, both of Boston, Joe Glassey and Frank Denovan will wind up the proceed. Donovan recently defeated Glassey in twenty-one rounds.

Although it is impossible to bring Jake Shaefer into a billiard tournament in this city, with such men as Slosson, Sexton and Daly, it appears that he is to play in Pittsburg with Carter, Ives, Moulds and several others.

upon this peculiar foe than could the great boat, might yet gaze proudly at his floating sea itself a barrier against its enemies. Under accidents in case a bomb should fail to flag, even if his own ship should be drifting these thundering cataracts, born in an in. act. PLATTEVILLE, Weld Co., Col., Oct. 21, 1887. Plening Bres.

DEAR SIRS: I consider Dr. C. McLane's Celebrated Liver Fills to be a splendid article for billiousness, headache, fever and debility. They strengthen and tone the system perfectly. We have used them in our family for thirty years and can recommend them.

WM. D. Ross,
MAROARET Ross.

Although it is impossible to bring Jake
Shaefer into a billiard tournament in this
city, with such men as Slosson, Sexton and
Daly, it appears that he is to play in Pittsburg with Carter, Ives, Moulds and several
others.

Duncan C. Ross has challenged Tom Connors and Jack Carkeek to wrestle catch-as-

stant, and coming down all at once in a been discharged to the north; two, that it they were signals, but he knew that they acbow were trained upward, so that a bomb dis- charge of every bomb, no vessel, no torpedo

mile and a half ahead. Slowly turning her | The air driven off in every direction by would not do to wait until these arrived, and bow from side to side, so that the guns would | tremen lous and successive concussions came a sufficient number of iron-clads were de- cover a range of nearly half a circle, the in- rushing back in shricking gales, which tore stantaneous motor bombs of the repeller up the waves in blinding foam. For miles in every direction the sea swelled and upheaved One of the most appalling characteristics into great peaked waves, the repeller rising of the motor-bombs was the silence which upon these almost high enough to look down accompanied their discharge and action. No into the awful chasms which her bombs were noise was heard, except the flash of sound making. A torpedo-boat, caught in one of the occasioned by the removal of the particles of returning gales, was burled forward almost the object aimed at, and the subsequent roar on her beam ends until she was under the edge of one of the vast masses of descending As each motor-bomb dropped into the water. The flood which from even the outer the Channel, a dense cloud appeared high in limits of this falling sea poured upon and the air, above a rearing, seething caldron, into the unlucky vessel nearly swamped her, hollowed out of the waters and out of the and when she was swept back by the rushing very bottom of the Channel. Into this waves into less stormy waters, her officers chasm the cloud quickly came down, con- and crew leaped into their boats and deserted densed into a vast body of water, which her. By rare good fortune their boats were fell, with the roar of a cyclone, into the kept affect in the turbulent sea until they

A Story of Larry Jerome.

[From the Buffulo News.] This story is told of Larry Jerome. He was not feeling in the best of spirits and, for a little change and recreation, he visited a popular resort in the Jersey pines. After a week's stay, he called for his bill and, on paying, started to go, when the landlord called him. "Mr. Jerome," said the landlord. "I have a little tourist book when the landlord called him. "Mr. Jerome," said the landlord. "I have a little tourist book that I keep for my gnests to write in before leaving, and if you have no objections, would be piessed to have a few words from you." "Certainly," said Mr. Jerome. Taking the book, he noticed the following from the last gentleman registered: "I came here for change and rest and was much benefited. Thomas R. M.—, New London, Conp." Quick as a flash, Mr. Jerome wrote: "I also came here for change and rest. The waiters got the change and the landlord the rest. Larry Jerome, New York."

Of course, the Vice-Admiral did not underwater avalanches, and during this lull he had seen two puffs from the repeller, and the destruction, at the same moment, of the deserted torpedo-boat. It was, therefore, plain enough to him that if a motor-bomb could be placed so accurately upon one torpedo boat, and with such terrible result, other bombs could quite as easily be discharged upon the other torpedo-boats which formed the advanced line of the fleet. When the barrier of storm and cataract again began to stretch itself in front of the repeller, he knew that not only was it impossible for the torpedo-boats to send their missives through this raging turmoil, but that each of these vessels was itself

in danger of instantaneous destruction. Unwilling, therefore, to expose his vessels to profitless danger, the Vice-Admiral ordered the torpedo-boats to retire from the front, and the whole line of them proceeded to a point north of the ficet, where they lay to.

When this bad been done the repeller ceased the discharge of bombs, but the sea was still heaving and tossing after the storm, when a despatch-boat brought orders from the British Admiralty to the flagship. Communication between the British fleet and the shore, and consequently London, had been constant, and all that had occurred had been quickly made known to the Admiralty and the Government. The orders now received from the quarter indicated. It is true that in by the Vice-Admiral were to the effect that it was considered judicious to discontinue the conflict for the day and that he and his whole fleet should return to Portsmouth to receive

> further orders. [To be Continued To-Morrow.]

SYNOPSIS OF INSTALMENTS L.XII.

A Syndicate contract with this Government to abolish within one year the war existing with England. They istruct several submarine vessels called crabs, which, by means of mechanical jaws, disable several English and-war by tearing off their screws and rudders. Sombs of secret manufacture and wonderful power, fired m cannon-proof ships, destroy two Canadian forts, also a monster iron-clad which had been abandoned in dispatch of the command from the Syndicate. One of these cannon-proof ships, accompanied by several crabs, coseds to the Isle of Wight, where seven iron-clads are disabled and a dynamite gun boat captured.

WEEREIN THE BRITISH PLEET RETIRES IN THE CHAGRIN OF DEFEAT AFTER THE CONFLICT WITH THE SYNDICATE'S FORCES.

The British Vice-Admiral did not intend to | simply to see them disabled and set adrift. remain in this quiescent condition. It was, There was another arm of the service which sourse, useless to order forth his iron-clads evidently could be used with better effect seven disabled iron-clads and a captured gun-

battle-ships.

But before doing anything else he must provide for the safety of those of his vessels which had been rendered helpless by the crabs, and some of which were now drifting dangerously near to each other. Despatches had been sent to Portsmouth for tugs, but it

tailed to tow their injured consorts into port, When this order had been given the Vice-How a Wonderful War Was Waged by Contract Near the Close of Admiral immediately prepared to renew the fight, and this time his efforts were to be di-

AN IMPROVED CRAB. rected entirely against the repeller. It would

be useless to devote any further attention to the crabs, especially in their present positions. But if the chief vessel of the Syndicate's fleet, with its spr ng-armor and its terrible earthquake bombs could be destroyed it was quite possible that these sea parasites, the crabs, could also be disposed of.

Every torpedo-boat was now ordered to the front, and in a long line, almost abreast of each other, these swift vessels the light in fantry of the sea-advanced upon the solitary and distant foe. If one torpedo could but reach her hull, the Vice-Admiral, in spite of
